SMARTMOUNT®

Universal Ultra-Slim Scissor Wall Mount

FOR 49" TO 120"+ DISPLAYS*

STS680

Mounting Pattern
200 x 100 to
1000 x 600mm

Max Load
250lb
(113.4kg)

TECHNOLOGY PARTNERS

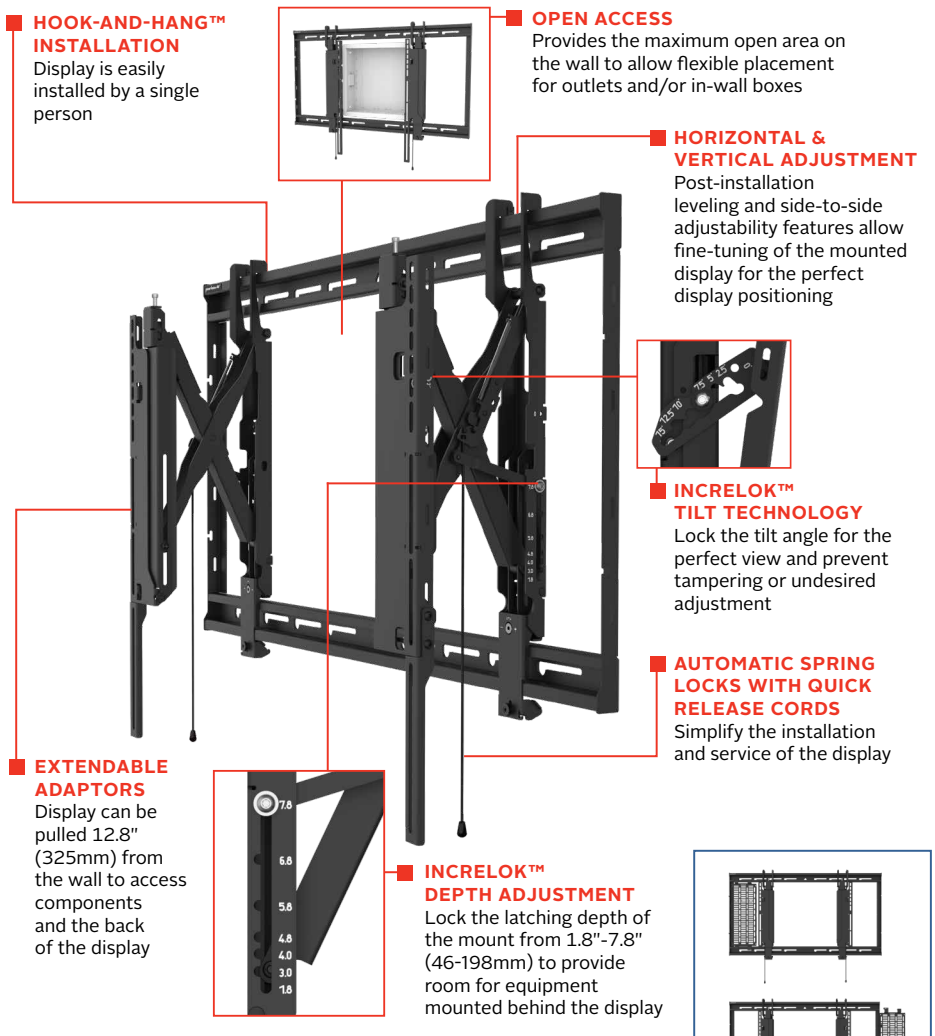

CRESTRON CRESTRON FLEX
SURGEX / AMETEK DISPLAYPAK+

- Compatible with the Crestron® Collab Compute and Crestron® Flex with available accessories
- Compatible with SurgeX® DisplayPak+ with ACC-STSPDU accessory
- ADA compliant when used with displays 2.2" (56mm) thick or less
- 1.8"- 12.8" (46-325mm) display extension allows for post-installation servicing and component storage behind display
- Universal mount fits displays with mounting patterns 200 x 100 to 1000 x 400mm (1000 x 600mm with included bolt-on extenders)
- Optional IncreLok™ feature offers fixed tilt angles of 0°, 2.5°, 5°, 7.5°, 10°, 12.5° and 15°
- ±1/2" (12mm) of post-installation leveling
- 2° of plumb adjustment to keep displays level on uneven walls
- Optional accessory: Universal AV Component Mount (ACC-UCM3) allows components to be installed, configured and cabled off-site, and quickly attaches to the mount, which reduces on-site installation time
- Available bundled models:
  STS680-1UCM3 – STS680 + (1) ACC-UCM3
  STS680-2UCM3 – STS680 + (2) ACC-UCM3

RoHS TAA COMPLIANT osHpd OPM-0767

Peerless-AV's SmartMount® Universal Scissor Wall Mount (STS680) is the ideal solution for UC/VC applications and recessed wall installations. Designed for convenience, it provides easy access to components stored behind the display. The mount's extendable adaptors allow the display to be pulled up to 12.8" (325mm) from the wall and locked securely in place once installation or maintenance is complete. With its Hook-and-Hang™ feature, installation is quick and simple, while the open access design offers maximum wall space flexibility for outlets and in-wall boxes. Post-installation leveling and side-to-side adjustability ensure the display is perfectly aligned in any corporate, digital signage, or hospitality environment.

Shown With Optional ACC-UCM3

*This display size range is simply a guideline for product selection. Displays larger than the screen size range may still be compatible as long as they fall within the VESA® pattern and max weight of the Peerless-AV® product.
