

Antimicrobial Universal Flat Wall Mount

for 32" to 47" Displays

Treated with Agion® brand antimicrobial to inhibit the growth of bacteria, mold and fungus on the surface of products

SF640-AB | SF640-AW

Limitless placement opportunities are delivered with speed and ease. Its ultra-slim open wall plate architecture delivers display placement flexibility and enables easy electrical access and cable management. This ultra-slim mount is the ultimate solution for low-profile applications.

Features

- Agion® antimicrobial* finish assists in controlling the spread of infection within healthcare institutions
- Available in black for deployment within administration or white within patient care areas
- Low-profile design holds display 1.25" (32mm) away from the wall which meets Americans With Disabilities (ADA) certification
- Horizontal display adjustment up to 6" (152mm) for perfect display placement
- Open wall plate architecture allows for total wall access, increasing electrical access and cable management options
- Mounts to wood studs, concrete, cinder block or metal studs (metal stud accessory required)

- 1. EASY INSTALLATION**
Simple hook-on design for easy installation
- 2. VIEWING FLEXIBILITY**
Horizontal display adjustment up to 6" (152mm) for centering display on wall
- 3. OPEN ARCHITECTURE**
Open wall plate architecture for flexible cable management and wall placement
- 4. ANTIMICROBIAL FINISH**
Agion® finish inhibits the growth of bacteria, mold and fungus on the mount surface

Low-profile design holds display only 1.25" (32mm) from the wall

Patented. Utility Patent No. 7,823,850; 8,517,322.

*Antimicrobial protection is limited to the treated article and does not protect a user against disease causing bacteria. Always clean products thoroughly after each use. Visit www.agion-tech.com for more details.
