

HL4UN-002(-Q10)

Samsung Desktop Security Hardware Kit (See compatibility chart for compatible models)

The Peerless Samsung Desktop Security Hardware Kit provides maximum tamper-resistance with two points of security. Sturdy desktop bolts lock down the base stand to the top of the furniture, providing the first line of defense. In addition, the neck security screw ensures the flat panel display remains connected to its stand. Combining both levels of security provide maximum confidence a desktop installation will resist unwanted tampering.

FEATURES

- Exclusively designed for select Samsung models.
- Security slope nuts prevents the base from being removed from the desktop
- Socket pin security screws prevent the screen from separating from the base

■ PEACE-OF-MIND

Security bolts/nuts fit snugly against the underside of the desktop, securing the screen

■ PREVENTATIVE MEASURES

Security screws prevent the screen from separating from the base
