Mobile Medical Storage Cart with Monitor and PC Mount

FOR COMPUTER WORKSTATION MONITORS
with VESA® 75x75 and 100x100mm

The HCC501 Mobile Medical Cart is ergonomically designed, offering an adjustable workspace. This cart has enough space to fit a keyboard and monitor, providing easy access to data records on the spot. The HCC501 is also equipped with non-locking easy access storage to gloves, smocks, and other supplies. Hooks for trash receptacles or charts, a built in power strip, and internally routed cables are all built into this unit, so everything can be found in one place. All of these features provide convenience and easy mobility from patient to patient.

HCC501's Antimicrobial finish prevents the growth of microbes on the surface of the cart, providing a completely sanitary workspace.

Additional Features

- ✓ Manufactured in North America to precise TAA Compliant standards
- ✓ Efficiently houses and transports a computer workstation from patient to patient or room to room
- ✓ Innovative design houses a small computer directly behind the monitor and out of the way
- ✓ Tool-less height adjustment of the screen and keyboard tray
- ✓ Agion® antimicrobial* finish to assist in controlling the spread of diseases

*Antimicrobial protection is limited to the treated article and does not protect a user against disease causing bacteria. Always clean products thoroughly after each use. Visit agion-tech.com for more details.
